The Durham Pecan Story

In 1928, our Great-Grandfather, W.M. Durham Sr., had a vision of helping people earn money during the hard times. He set up long tables where women shelled pecans by hand, earning money when the pecan meat was weighed. Today, we still include the personal touch of handpicking our pecans before being packaged to ensure top quality and freshness.

In 1991 our father, H.L. (Odie) Dollins, President and owner of Durham Pecan, expanded the company to cover over 100,000 square feet, doubling the production annually. In 1998, Durham's purchased Ellis Pecan. We are still a family owned and operated company where we provide old-fashioned Texas hospitality and assure you 100% satisfaction guaranteed. We pride ourselves in being able to shell, roast and package all our products with state of the art equipment. We have adequate cold storage to ensure freshness year round.

Durham Pecan Company is a well-known Pecan Sheller and a distributor of other nuts. We package our products for wholesale bulk and retail sales. We service our customers with gift sets and fundraisers. We extend our thanks to each of you for continuing to support us and trust us to provide you with the best service and top quality you could have.
